

<b>SKILL</b>	<b>GAME</b>	<b>EQUIPMENT/SET UP</b>	<b>DIRECTIONS</b>
Dribble	Swiper Tag	All students have a ball, 2 students without a ball are IT	The two players without a ball are IT/the swipers. If they swipe your ball, you are now the swiper. You must swipe from someone else before you can swipe from the swiper who swiped from you.
Dribble	Tunnel Dribble Tag	All students have a ball, 2 players are IT	The two players who are IT can have a ball or not, up to the coach. If tagged, you must stand with your feet apart and hold your soccer ball over your head. To be saved, a teammate must dribble their ball through your legs.
Dribble	Red Light/Green Light	Coach on one end/player on the other with a ball	Call green light for students to dribble towards you and red light for them to trap/stop. Play until a winner and let them call red light/green light.
Dribble	Builders and Bulldozers	Cones scattered in playing area. Team divided in half.	Half of the players are trying to pick the cones UP (with their hands) while the other half are trying to knock the cones DOWN with their soccer ball. Can play where builders do not have a ball or where both builders AND bulldozers have a ball.
Dribble	Honeycombs	Coaches have a stack of cones, all players have a ball	The players are trying to kick their coach in the feet with their ball. If they are successful, the coach hands them a honey comb (cone) to take to their hive (players make a tower of collected cones).
Dribble	Simon Says	one ball per player, coach is simon	Simon says (once out, continue playing from sideline): pull backs, toe taps, bell ringer, step overs, jump over, figure 8s, elbow on ball, knee on ball, quad stretch, hamstring stretch, jumping stars over ball, skip, high knees, rump kicks, etc
Dribble	Windows	1 ball per player, cones set up in pairs to make mini goals	Students dribble around and through the windows as many times as they can
Dribble and Pass	Windows	1 ball per pair, cones set up in pairs to make mini goals	Students dribble around and PASS to their partner through the windows as many times as they can
Dribble and Pass	Circles	2 balls per group	Make a circle with one player on the outside and 4-5 players on the inside. Player 1 dribbles two times around the outside of the circle. The other players pass the ball and count each pass in the circle. How many passes can you make while your teammate dribbles twice around?
Passing	Mystery Passing	Deck of #ed Cards, 1 ball per pair	Scatter the deck of #ed cards in the middle. Pairs send the player without the ball to get a card, then pass back and forth that number, return the card for a new number card, repeat.
Passing	Cone Wars	1 cone and 1 ball per pair	Place a cone in between two players, pass the ball to knock it down for 2 points (1 point if ball touches cone but does not knock it over)
Passing	Scramble	1 ball per pair	Pairs pass back and forth (2-touch or 1-touch passes). On the whistle, whoever has the ball STAYS and whoever does not have the ball must run and find a new partner.
Passing	Kick and Chase	1 ball per pair and 1 cone per pair (set up in a circle)	The goal is for you and your partner to make as many clearing kicks as you can in 2 minutes. Partner 1 will use a clearing kick, sending the ball as far out into the open space as possible. After the ball is kicked, Partner 2 will count outloud "1 soccer, 2 soccer, 3 soccer" and then run fast to collect the ball and dribble it back. Now partner 2 sets the ball back at the start spot and takes their turn to kick. Partner 1 counts "1 soccer, 2 soccer, 3 soccer" and then runs to collect the ball/dribble it back. Count as a team how many kicks you make - coach whistles after 2 minutes to end the game.

<b>SKILL</b>	<b>GAME</b>	<b>EQUIPMENT/SET UP</b>	<b>DIRECTIONS</b>
Throw Ins	Throw Off!	1 ball per player	All players line up on the sideline and throw in at the same time - farthest ball wins.

Throw Ins	Gold Rush	Bag of Soccer Balls and 2 teams	One player from each team is the designated throw in teammate, they stand on the side with all the balls in a pile between them. They complete a throw in for each ball. While they throw in, ANY player may get the ball and dribble it back to their goal for a score. No stealing balls once in a goal, but you MAY steal a ball from the other team while they retrieve/dribble it.
Dribble/Pass	Monkey in the Middle	Groups of 3 and 1 ball	2 players pass back and forth trying to keep ball away from the monkey in the middle
Dribble/Score	Progressions	3 cones in front of the goal or side angle	Progression of dribbling and scoring - 1) Start in line at top of cones, run through, score 2) Start in line at top of cones, dribble through cones, score 3) One line at top of cones and one line beside goal with the ball, run through cones/partner passes you a ball to score
Scoring	Tunnels	Groups of 3 and 1 ball	Groups of 3. One in the middle with feet apart to make a goal. Player 1 tries to kick the ball between Player 2 in the middle, Player 3 retrieves and then takes their turn.
Scoring	Steal the Bacon	Two teams and give everyone a number	Set up the teams in two lines facing each other. Goal is to get the ball and dribble it back across your teams line. Start out calling 1 number at a time, so 1 player from each team comes out (roll the ball out/do not just sit it on the middle). Round 2+ you can call 2-3 numbers a time (work together)!
Scoring	Angry Birds	Balls in the middle and 2-4 teams	Teams work together to run from their nest/net out to the birds nest/middle to steal one ball at a time, dribble it back to their nest, and score a goal. Repeat. They may steal from the other goals (but they may not steal from another player).
